POSITION ANNOUNCEMENT

POSITION:	Professor in the Practice of Renewable and Sustainable Energy
POSITION CODE:	**BCAT:** 00424X
DEPARTMENT:	Research & Sponsored Programs
SALARY RANGE:	Commensurate with qualifications and experience (Sponsored funds)
APPLICATION DEADLINE:	Until the position is filled

QUALIFICATIONS:

A position is available for a highly motivated individual with expertise in developing and managing renewable and sustainable energy system and cutting edge environmentally responsible construction, e.g., zero energy building. The minimum requirement is a Master's degree plus an extensive and significant executive and operational experience in the field of sustainable and renewable energy development; however, doctoral degree with work experience will be given preference. Demonstrated excellence in leadership in alternative energy project development and management is a must; demonstrated ability in team building is required; ability to advance energy project through publication and promotion is necessary; should have interests and experience at the crossroads of sciences, technology, engineering, and computational science as they apply to renewable energy; strong verbal and written communication skills are required.

ILLUSTRATIVE EXAMPLES OF WORK:

- Develops and leads quality externally fundable R/D stream in sustainable energy
- Provides and supports a suitable academic environment for students and faculty to acquire/develop skills and experience in renewable and sustainable energy sector
- Supervises and mentors undergraduate/graduate student-researchers and practitioners in renewable/sustainable energy related projects
- Engages in undergraduate research projects or independent research programs
- Serves on committees, participates in university functions and performs other duties as assigned.

APPLICATION REQUIREMENTS:

Current federal law requires identification and eligibility verification prior to employment. Only U.S. citizens and aliens authorized to work in the United States may be employed. In the event a degree is required, official transcripts will be necessary upon employment. Interested candidates should submit an application and resume:
