

Ryan Smith | Pordis, LLC.

Bio: Ryan Smith is the founder of Pordis, a privately held LLC established in 2012, offering hardware design and consulting services primarily to the photovoltaics portion of the renewable energy sector, enabling renewable energy breakthroughs through better data. Ryan holds Bachelor's and Master's degrees in Materials Science and Engineering from the University of Michigan and is an American Society for Quality Certified Six Sigma Black Belt (CSSBB), Certified Manager of Quality / Organizational Excellence (CMQ/OE), and Certified Quality Engineer (CQE). He has metrology experience in both the semiconductor and renewable energy industries, has led ISO 17025 test laboratory program development, and has worked for major semiconductor manufacturers and at the U.S. Department of Energy's (DOE) National Renewable Energy Laboratory (NREL).
