

DARTON COLLEGE OF HEALTH PROFESSIONS
HEALTH SCIENCES DIVISION

Health Information Technology Application Packet

Have you thought about a *Business Degree* but would really enjoy the job opportunities and room for growth that the Healthcare Industry can provide?

Have you thought about a *Health Science* or *Nursing Degree* but would really rather not have direct patient care responsibilities?

Albany State University has a program for you...
HEALTH INFORMATION TECHNOLOGY

“Leading the way to quality data.”

This online program includes courses covering topics such as

- ❖ Health Record Content and Structure
- ❖ ICD-10-CM/PCS & CPT Coding for Reimbursement
 - ❖ The Legal Aspects of Healthcare
- ❖ Organizational Supervision and Management
 - ❖ Quality Assessment in Healthcare
 - ❖ Healthcare Technology, etc.

Graduates will be able to explore the following opportunities and more!

Medical Staff Services Supervisor, Health Data Analyst,
Quality Improvement Analyst, Insurance Claims Analyst,
Clinical Coding Specialist, Physician Practice Manager,
Patient Information Coordinator, Medical Paralegal,
Medical Software Technician/Vendor

Contact: Latoya D. Davis, MS, RHIA

Health Information Technology

“Quality Healthcare through Quality Information”

Are you interested in a dynamic career in a growing profession? Earn an associate degree in Health Information Technology at Albany State University.

This online associate degree program in Health Information Technology is designed to prepare the student for entry-level employment as a health information technician who performs tasks related to the use, analysis, presentation, abstracting, coding, storage and the retrieval of health care data in manual or electronic form.

All Health Information Technology-related courses (HITE) are offered online only with the exception of the two Professional Practice Experience (PPE) courses that are completed at an acute care facility.

This program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM), 233 N. Michigan Ave., Chicago, IL 60601-5800, (312) 233-1100, <https://www.cahiim.org>, in association with the American Health Information Management Association (AHIMA), 233 N. Michigan Ave, 21st Floor, Chicago, IL 60601-5809, <https://www.ahima.org>.

Graduates are eligible to write the national certification examination given by the American Health Information Management Association. Upon successful completion of the examination, the health information technician is awarded the professional credential of a Registered Health Information Technician (RHIT).

Registered Health Information Technicians are employed by hospitals, clinics, health maintenance organizations, insurance companies, law firms, physicians, mental healthcare facilities, health data organizations, nursing homes, consulting firms, and information system vendors.

As a Registered Health Information Technician, you will play an important role in helping the healthcare system work. You will use diverse talents because the field of Health Information Management combines patient care, technology, and management.

Based on your skills, education, and interests, positions that may be available to you are:

Clinical Coding Specialist
Physician Practice Manager
Quality Improvement Analyst
Insurance Claims Analyst
Medical Records Director/Supervisor

Health Data Analyst
Patient Information Coordinator
Medical Paralegal
Records Technician
Medical Staff Services Supervisor

ADMISSION REQUIREMENTS

For full consideration of admission to the online Health Information Technology Program, the student must:

1. Be admitted to Albany State University.
2. Have completed all required Learning Support Courses.
3. Have completed all pre-requisite courses with a "C" or better.
4. Have a minimum GPA of 2.5.

ADDITIONAL REQUIREMENTS

1. Before registering and being enrolled in the program, students should access Distance Learning on the ASU website for orientation to online system requirements.
2. To continue in the Health Information Technology Program, a minimum grade of "C" is required in all HITE courses. If the student fails to make a "C" in an HITE course, and it is the student's first failure, the student may reapply to the HITE Program. All of the student's previous HITE work will be evaluated by the program director. More than one "W", "D" and/or "F" in HITE courses will result in permanent dismissal from the program (this may be two courses or failure in the same course twice).
3. High speed internet is recommended for optimal use of AHIMA's Virtual Lab applications.
4. Professional liability insurance is required and is available through the college. The cost of this insurance is approximately \$17.50 per year and is included in the fees.
5. Because of the nature of the profession, the student is required to sign and abide by a statement that the student will honor the confidential nature of health/medical records (HIPAA). A charge of breach of confidentiality will be treated according to the procedures outlined in the Student Handbook, "Code of Conduct."
6. Once enrolled in the program, failure to exhibit of unprofessional behavior will result in the student being withdrawn from the program and deemed ineligible for re-admission to the program. Unprofessional behavior is defined as:
 - misrepresentation of self or falsifying information on the program application
 - disruptive or abusive behavior in an online class
 - breach of the confidentiality statement and/or
 - suspicion of cheating will be dealt with in accordance with the Student Handbook, "Code of Conduct."
7. Student membership in the American Health Information Management Association (AHIMA) is recommended. The cost of student membership is approximately \$49 per year.
8. A student may be denied permission to continue in the program if in the opinion of the faculty, the Chair of Health Sciences, Dean of the Darton College of Health Professions and the Vice President of Academic Affairs, the student does not demonstrate the necessary qualifications for a health information technician.
9. To satisfactorily complete the curriculum and to develop the skills required of an entry level health information technician, the student must demonstrate:
 - Visual Acuity (with or without corrective lenses): to read paper, microfilm, and electronic documents.
 - Physical Ability: to process reports and records, to operate equipment necessary for record keeping (for example, manually operated filing equipment, printers, microfilm reader/printers, computer keyboard), and to move about in space limited by compacted filing.
 - Manual Dexterity: to perform the fine motor functions necessary to document analysis of records (for example, must use pens, pencils, and manage papers), and to operate electronic equipment (for example, computers, word processors).
 - Hearing (with or without aids): to hear the spoken voice in order to be able to respond verbally.

HEALTH INFORMATION TECHNOLOGY (0370)

DARTON COLLEGE OF HEALTH PROFESSIONS

RECOMMENDED COURSES FOR CAREER ASSOCIATE OF SCIENCE DEGREE PROGRAMS

Students may declare Pre-HIT plan of study upon college enrollment for the purpose of guidance while completing pre-requisite course work. However, declaring this plan of study does not guarantee admission to the HIT Program. **A separate application is required for consideration of acceptance into this program.**

RECOMMENDED FULL-TIME TRACK

Semester 1

ENGL 1101: English Composition I**	3 credit hours
BIOL 2411K: Human Anatomy and Physiology I**	4 credit hours
ALHE 1120: Medical Terminology**	2 credit hours
MATH 1111: College Algebra (or higher level math)	3 credit hours
Total Semester Hours:	12 credit hours

Semester 2

BIOL 2412K: Human Anatomy and Physiology II**	4 credit hours
BUSA 2101: Survey of Computer Applications**	3 credit hours
POLS 1101: American Government	3 credit hours
COMM 1000: Cultural Diversity in Communication	2 credit hours
Total Semester Hours:	12 credit hours

Fall Semester 1 (In-Program)

HITE 2100: Health Record Content and Structure	3 credit hours
HITE 2400: Pathophysiology & Pharmacology	3 credit hours
HITE 2137: Fundamentals of Health Information Management	3 credit hours
PSYC 1101: General Psychology	3 credit hours
Total Semester Hours:	12 credit hours

Spring Semester 1 (In-Program)

HITE 2150: Coding I	4 credit hours
HITE 2250: Legal & Ethical Issues in HIM	3 credit hours
Area C Elective: ART 1100, MUSC 1100, or THEA 1100	3 credit hours
ACCT 2101: Principles of Accounting I	3 credit hours
Total Semester Hours:	13 credit hours

Summer Semester 1 (In-Program)

HITE 2110: Organization & Supervision in HIM	2 credit hours
HITE 2160: Coding II	2 credit hours
HITE 2200: Healthcare Statistics	2 credit hours
HITE 2600: Professional Practice I	2 credit hours
Total Semester Hours:	8 credit hours

Fall Semester 2 (In-Program)

HITE 2170: Advanced Coding and Reimbursement	4 credit hours
HITE 2500: Health Information System Applications	3 credit hours
HITE 2550: Quality Assessment	3 credit hours
HITE 2610: Professional Practice II	2 credit hours
HITE 2650: Seminar	1 credit hours
Total Semester Hours:	13 credit hours

Total Program Total **70 credit hours**

**** Pre-requisite courses must be taken prior to program admission.**

RECOMMENDED PART-TIME TRACK

Semester 1

ENGL 1101: English Composition I**	3 credit hours
BIOL 2411K: Human Anatomy and Physiology I**	4 credit hours
Total Semester Hours:	7 credit hours

Semester 2

BIOL 2412K: Human Anatomy and Physiology II**	4 credit hours
ALHE 1120: Medical Terminology**	2 credit hours
MATH 1111: College Algebra (or higher level math)	3 credit hours
Total Semester Hours:	9 credit hours

Semester 3

BUSA 2101: Survey of Computer Applications**	3 credit hours

APPLICATION

ALBANY STATE UNIVERSITY

**Application for Admission to the
HEALTH INFORMATION TECHNOLOGY PROGRAM**

Associate Degree in Health Information Technology

For full consideration of admission to the online Health Information Technology Program, the student must:

1. Apply for admission to Albany State University
2. Have completed all required Learning Support courses
3. Have a minimum GPA of 2.5*
4. Complete the [Student Orientation to GeorgiaVIEW](#).
5. Schedule an interview with the Program Director.
6. Professional liability insurance is required (included in fees).
7. Student membership in the American Health Information Management Association is strongly recommended.

*It is the responsibility of the applying student to provide the Health Information Technology Program Director with an unofficial transcript of prior coursework and evidence of current GPA.

Students are admitted to the program once a year in the fall semester. Applications must be received no later than June 1st to be considered for admission to the program in the fall semester.

Read the following information and directions for completion of HIT Program Application:

Contact Information:

Name:	ASU Student ID Number:
Address:	Phone Number & Personal Email:

Education Background:

List any colleges/university/technical school previously attended, degrees earned, and GPAs:

Have you applied to this program previously? _____. If "Yes," when? _____.

Unofficial Transcript(s):

Please include an unofficial copy of transcripts with current GPA. Note that this is only required if you attended a College, University, or Technical Institution other than Albany State University. Students with accelerated GPAs will be given first consideration for admission to the program.

Current Resume:

Please include a copy of your most recent resume. If you have any current healthcare related certifications, please be sure to include a copy.

Essay:

Please include a hand-written essay to explain why you want to be a health information technician. This essay is required of all applicants to the HIT program. It does not need to be lengthy, but should clearly explain why you want to be a health information technician. This is your opportunity to prove that you understand the HIM field and explain why you should be accepted into the program.

Online Student Orientation:

I have completed the online Student Orientation to GeorgiaVIEW and I have an understanding of how online classes are presented. I have practiced navigating the orientation course site.

I have no questions about being in an online course/program.

I would like to ask the following questions:

Signature Page & Checklist:

By signing this document, I acknowledge my understanding that two unsuccessful attempts in program course work (HITE courses) will render me ineligible for continuation in the Health Information Technology Program. A course grade of "D" or "F" is considered an unsuccessful attempt.

Applicant Signature

Student ID Number

I hereby apply for admission to the HIT Program for Fall Semester 20____ and certify this application is both correct and complete. I have read the application packet, including the essential abilities required and understand the application and selection processes. I further understand that any failure on my part to comply with these processes will result in the cancellation of my application. I am aware of the competitive nature of the application process for the HIT program and understand that meeting all minimum requirements does not guarantee admission into the program.

Applicant Signature

Date

Checklist:

- Contact Information
- Educational Background
- Unofficial Copy of Transcripts (if applicable)
- Current Resume
- Essay
- Online Student Orientation Statement
- Signature Page
- Signed Health Science Student Acknowledgement of Accreditation Status Form (see next page)

The review process does not begin until after June 1st when the deadline for applications has passed. It may take up to a month to get a response, but all applicants will receive an email as to their status. Phone interviews may be requested for the final selection of students. Out-of-area students may be required to assist in arranging the clinical site for their PPE (professional practice experience).
