

PRESIDENT'S MESSAGE

Welcome to Darton College!

Darton has a distinguished tradition of providing high quality education with a personal touch. In addition to being one of the fastest growing and most innovative campuses in the University System of Georgia, Darton College prides itself on remaining student-centered. Faculty and staff will guide, encourage, and provide you with the tools necessary for academic, social, and career success.

Darton College is proud to be a leader among University System of Georgia institutions in the use of educational technology. We recognize that the world is becoming more digital every day, and we are committed to ensuring that our graduates are technologically competitive. You will find that 95% of our faculty use some form of technology in their courses.

Numerous activities are going on outside of the classroom at Darton as well. Last season, Darton was honored to host the 2006 NJCAA National Women's Soccer Tournament. Our intercollegiate athletics program can boast of consecutive NJCAA National Men's Golf Championships in the 2005 and 2006 seasons, and the 2006-2007 Region XVII Champion Softball Team.

Our students make Darton College the dynamic institution it is, and we want your experience here to be memorable, enlightening, and successful. I encourage you to be active in our various clubs and organizations, attend a Cavalier sports event, participate in intercollegiate athletics, join an intramural team, relax in the student center, or get fit in our state of the art gymnasium.

This catalog is a guide to our policies, procedures, academic programs, and courses. I urge you to familiarize yourself with it and visit our website at www.darton.edu for additional information.

Education is the key to unlocking your full potential. I thank you for entrusting Darton College with this vital task, and I assure you that Darton will exceed your expectations.

Sincerely,
Peter J. Sireno
President
