TEACHER EDUCATION (0014) Social Science Division Secondary Education RECOMMENDED COURSES FOR TRANSFER ASSOCIATE OF SCIENCE DEGREE PROGRAMS

This degree program is also available as an online degree program. See the description of the online program of study at http://online.darton.edu/degrees

Secondary Education majors are required to follow the respective guidelines for the specific content areas. For example, those who intend to teach math should follow Areas A through G of the math program on page 230. All secondary education majors are required to complete nine hours in education related courses. Therefore secondary education majors will complete a total of 69 hours in their respective degree area. Failure to complete the three education courses will delay a student's ability to enter a four-year teacher education program.

The following is a listing of the secondary education majors that are available: Art, Biology, Chemistry, English, Foreign Language, History, Mathematics, Music, Physics, Speech, and Theatre.

Listed below are the minimum requirements a student must meet to be admitted into an undergraduate education program at a four-year college in the University System of Georgia.

- 1. Students must earn a minimum cumulative GPA of 2.5 on all attempted hours in the System core curriculum in areas A-F, as required for teacher preparation.
- 2. Students must have passed the Regents' Test.
- Students must have passed PRAXIS I or GACE I.
 Receiving institutions may establish higher admission requirements.

Note: Some four-year institutions may have higher admission standards than those listed above.

TEN CREDIT-HOUR PROGRAMS Business Division

Students who are not interested in the two-year career programs or the one-year certificate programs may wish to inquire about the ten credit-hour programs. These programs are designed to develop entry level skills or upgrade present skills. Students may enroll in these programs without taking the COMPASS Placement Test, however, students may not enroll in a course that has a learning support course as a prerequisite or corequisite.

Students are invited to examine the business career programs. A program coordinator will help design a core of courses in a specific program. Below are <u>examples</u> of ten-credit hour programs that have been designed.

Courses		Sem. Hrs.
ACCT 2101 ACCT 2102 Electives	ACCOUNTING Principles of Accounting I Principles of Accounting II ACCT/BUSA/COPR/ECON	3 3 4 10
