

INTERNATIONAL STUDENT FELLOWSHIP PROGRAM

DARTON COLLEGE

The Darton College International Student Fellowship Program waives the out-of-state cost of tuition for eligible students. This will be a savings of approximately \$2,200 per semester. You may reapply for the Fellowship each semester.

Eligibility

Each year Darton College offers a limited number of fellowships to *highly qualified* international students. Applicants must be citizens of a foreign country who have outstanding potential as evidenced by their high school academic record, test scores, and personal essays. They must be of excellent character with strong recommendations from teachers, community representatives, or sponsors. They must have a clear understanding of their educational goals and academic abilities. Moreover, they must be willing to earn their fellowships by assisting the College with campus and community activities that promote multicultural understanding.

In order to be eligible for an International Student Fellowship, applicants must meet *all* admissions requirements for enrollment into Darton College. Fellowship recipients must (1) meet the minimum GPA requirement specified in the Darton College school catalog,

(2) meet financial obligations to the college, (3) comply with the Code of Conduct as stated in the College's Student Handbook, and (4) contribute required community service time to Darton College and/or community service projects and provide documentation to support participation. Continuations of Fellowship Awards are contingent upon the recipient's academic performance and contributions to the Darton College campus and/or community.

How to Apply

Applicants may request an application packet for admissions and the International Student Fellowship Application from the Office of International Student Services or download a copy from the Darton College website (www.darton.edu/international). Return the completed application to the Office of International Student Services. The Darton College International Student Fellowships are competitive. Applicants who meet all admissions criteria will be considered first.
