

- NURS 1015 TEAS Exam Preparatory Workshop** (0-0-0)  
 This workshop is designed to provide the nursing student with the opportunity to gain information about the Darton State Nursing Program required pre-admit exam, TEAS. This class is designed as an information portal, with no formal requirements. The students will learn information about the current semester TEAS on the discussion forum, email, and NEWS postings. Students will have the opportunity to review lectures on the topics listed in the TEAS study manual. Restricted to students studying Nursing.  
 Online only.  
 Prerequisites: None.  
 Corequisites: None.  
 Offered: Every semester.
- NURS 1101 Fundamentals of Nursing** (3-6-5)  
 This course provides a fundamental foundation for the profession of nursing. The adult learner will be exposed to patient centered care model, teamwork, evidence-based practice and informatics with an emphasis on quality improvement. Principles of medication calculation and safe administration are emphasized. Development of personal responsibility and ethical behavior related to the performance of basic nursing skills will be acquired through supervised lab performance and selected clinical rotations.  
 Prerequisite: Admission into the Nursing program.  
 Corequisites: BIOL 2111K with a grade of "C" or better and NURS 1105.  
 Offered: Every semester.
- NURS 1105 Pharmacology for Nurses** (1-0-1)  
 Pharmacology for Nurses provides a basic foundation of knowledge necessary for the safe administration of medications in nursing practice. The course encompasses drug classifications, actions, therapeutic dosages, side effects and patient education of selected medications. The importance of safety, interdisciplinary collaboration, informatics, evidence-based practice and accurate calculation of appropriate dosages in various measurement systems are stressed. The course focuses on patient centered nursing care and quality improvement for pharmacology.  
 Prerequisite: Admission into the Nursing Program.  
 Pre-Corequisite: BIOL 2111K with a grade of C or better.  
 Offered: Every semester.
- NURS 1111 Adult Health I** (4-9-7)  
 The course emphasizes quality and safety in nursing education core competencies, as it relates to the provision of patient centered care to people experiencing respiratory, circulatory, renal, digestive, endocrine, musculoskeletal, and neurological alterations. Teamwork, informatics, quality improvement, and evidenced based practice are essential components in the course. Development of personal responsibility and ethical behavior is acquired through supervised lab performance and clinical experiences with selected patients.  
 Prerequisites: BIOL 2111K and NURS 1101 with grades of "C" or better.  
 Corequisite: BIOL 2112K.  
 Offered: Every semester.
