## Come Join Us and Let Your Voice Be Heard

Bright From the Start, Department of Early Care and Learning and The Georgia Association of Child Care Resource & Referral Agencies will hold public hearings regarding the Child Care and Development Fund State Plan. The fund is issued for the purpose of increasing the availability, affordability and quality of child care services.

The state plan explains how funds will be used to help:  
low income, working families find and pay for child care;  
and to enhance the quality and availability of  
child care in Georgia.

## Review the Plan prior to attending the Hearing:
