Major Tasks for Committee Tracker from Final Planning Document and Recommendations

Task: Combine Testing Center

Recommendation and/or Action Taken:

1. OWG-26 recommends that the new University investigate offering the appropriate admission exams at off-site locations such as High Schools for MOWR and other populations.
2. Recommends that the new University investigates the prudence of requiring prescheduling for all exams by students and community members alike. Further, it is recommending that if scheduling is deemed necessary, that exam scheduling software be vetted to ensure that it is not only user friendly, but that appropriate reporting data may also be extracted.
3. Recommends that current and future satellite locations (such as Cordele) offer proctored testing for ASU students and for non-ASU students as time, space, and staffing allow.
4. Recommends the primary testing center location for *specialized and community* testing be at the current Albany State University campus.
5. Recommends that the new University research methods to offer the SAT/ACT specialized exams at both campus locations.
6. OWG-26 recommends the primary testing center location for *student* testing be at the current Darton State College campus.
7. Recommends that the new University form a task force to identify additional space for the current ASU's testing center and a means to acquire additional hardware/software to increase the testing center's capacity for student testing.
