

OWG 78 Housing Approved Recommendations

- 1. Recommends exploring a first and second year residency requirement for all students accepted to the new ASU who meet the current ASU criteria for a residency requirement.**
- 2. Recommends having one united housing requirement and policies for all students living in housing at any location of the new institution.**
- 3. Recommends that any “Districts” or “facility designations” naming or zoning be based on an assessment of the students’ needs before moving forward.**
- 4. Recommends that the operation and management of housing be combined as one unit.**
- 5. Recommends that marketing strategies be increased to make campus life more attractive to students.**
- 6. Recommends (with the support of ITS) that StarRez be the one and only housing information system for the new university.**
