THE CODE OF ETHICS FOR EDUCATORS

Effective June 15, 2015

Introduction.

The Code of Ethics for Educators defines the professional behavior of educators in Georgia and serves as a guide to ethical conduct. The

Professional Standards Commission has adopted standards that represent the conduct generally accepted by the education profession. The code protects the health, safety and general welfare of students and educators, ensures the citizens of Georgia a degree of accountability within the education profession, and defines unethical conduct justifying disciplinary sanction.

Definitions

"Certificate" refers to any teaching, service, or leadership certificate, license, or permit issued by authority of the Professional Standards Commission.

"Educator" is a teacher, school or school system administrator, or other education personnel who holds a certificate issued by the Professional

Standards Commission and persons who have applied for but have not yet received a certificate. For the purposes of the Code of Ethics for

Educators, "educator" also refers to paraprofessionals, aides, and substitute teachers.

"Student" is any individual enrolled in the state's public or private schools from preschool through grade 12 or any individual between and including the ages of 3 and 17.

"Complaint" is any written and signed statement from a local board, the state board, or one or more individual residents of this state filed with the

Professional Standards Commission alleging that an educator has breached one or more of the standards in the Code of Ethics for Educators. A "complaint" will be deemed a request to investigate.

"Revocation" is the invalidation of any certificate held by the educator.

"Denial" is the refusal to grant initial certification to an applicant for a certificate.

"Suspension" is the temporary invalidation of any certificate for a period of time specified by the Professional Standards Commission.

"Reprimand" admonishes the certificate holder for his or her conduct. The reprimand cautions that further unethical conduct will lead to a more severe action.

"Warning" warns the certificate holder that his or her conduct is unethical. The warning cautions that further unethical conduct will lead to a more severe action.

"Monitoring" is the quarterly appraisal of the educator's conduct by the Professional Standards Commission through contact with the educator and his or her employer. As a condition of monitoring, an educator may be required to submit a criminal background check (GCIC). The Commission specifies the length of the monitoring period.
