

***A PAST TO CHERISH,  
A FUTURE TO  
FULFILL...***

*Help your archives build on the success of the past by documenting, preserving, and researching the rich culture of African Americans.*

*Write your own family history and document with deeds, photos, marriage license, birth certificates and who did what, when, and how. These struggles are important to keep the legacy alive.*

# THE ARCHIVES COLLECTION AT ALBANY STATE UNIVERSITY

## THE HISTORY

*Albany State University, established originally as the Albany Bible and Manual Training Institute and supported by private and religious organizations, was founded in 1903 by Joseph Winthrop Holley. The institute provided religious and manual training for African American youths of Southwest Georgia. The mission was to train teachers to teach basic academic skills and to train in the trades and industries, with special emphasis on domestic science. The institute remained privately supported through 1917.*

*In 1917, the institution became a state supported, two-year college with a Board of Trustees, and its name was changed to Georgia Normal and Agricultural College. Offering only a limited program in agriculture, the College viewed as its primary purpose the training of elementary school teachers. In 1932, the Board of Regents was established, and the institution became a part of the newly established University System of Georgia.*

*Albany State College was granted University status in July 1996, and the name of the institution was changed to Albany State University.*
