

PRESENTS: RAM SCHOLAR REPOSITORY

Albany State University's Digital Resources. This is a digital service that collects, preserves, and distributes scholarly output of the university. Repositories are important tools for preserving an organization's legacy; they facilitate digital preservation and scholarly communications.

The repository facilitates open access scholarly communications while preserving the scholarly legacy of Albany State University faculty, staff and students.

The repository contains many types of content, including electronic theses, dissertations, yearbooks, faculty paper, faculty publications and books, technical reports, conference proceedings, and digitized maps.
