## MISSION STATEMENT

In support of the mission statement of Darton State College, and within the context of the mission of the Humanities Division, the Darton State College Student Success Writing Center is designed to help students develop the writing skills necessary to achieve success in college courses at Darton. Writing proficiently ensures success academically and in the workplace. The Writing Center staff is committed to providing constructive feedback throughout the writing process, utilizing an active learning approach that allows students to take complete responsibility for their success. The Writing Center will assist in all writing assignments for all academic disciplines, not just English writing courses.

## WHAT SHOULD I BRING WITH ME?

1. A copy of the assignment as given by your instructor.
2. A printed copy of your rough draft.
3. A list of any specific questions you would like to ask, such as:
  - Is my thesis clear?
  - Do I have enough supporting details?
  - Do I have effective transitions from paragraph to paragraph?
  - Do I have enough information to document my sources correctly?

## WHAT SHOULD I EXPECT FROM THE WRITING CENTER STAFF?

Please be aware that the Writing Center is not a drop-off editing service or a "fast food" stop for instant perfect papers. The staff at the Writing Center is here to assist you in focusing your writing, assist you with revisions, give constructive feedback, and tutor you in the proper ways of completing your writing assignment. You should allow ample time to work with the staff. Don't come in 30 minutes before your finished paper is due to your teacher and expect to walk out with a perfect paper!
