Welcome to Housing & Residence Life @ TheASUDistricts! It is our community, our neighborhood, and our home. This is where we study, work and play. It is the backbone of who we are and the place we return to time and time again when we need to connect with who we are. The ASU Districts consist of a series of residence halls, each with unique characteristics, but all part of one entity. The Districts bring students together to communicate and build memories, giving them the support they need to thrive as collegiate students.

Approximately 2000 students reside on the Albany State University campus in University housing. In a typical year, residents come from all over the USA and countries abroad. Together these students enjoy a sense of belonging and create networks of friendship that cannot be developed anywhere else. Because of the experience, ASU Housing retains over 90% of its residents. Year after year, they take advantage of the amenities, conveniences and friendships only the ASU Districts can offer.

Housing & Residence Life is so much more than a place to rest or study. Each Hall functions as a smaller, learning-centered community that furthers the mission of the University. Our team avails itself of countless hours of planning and execution so that we may offer our residents opportunities to grow and develop in all aspects of their lives. Our educational community is designed to foster human diversity, civility, freedom-of-thought, good citizenship, and even uncomfortable self-development.

We are committed to acting with integrity, dignity and competence in service to residents and the University community. We welcome you to ASU and we hope you will consider us as "your home away from home."
