

UNIVERSITY SYSTEM OF GEORGIA

Guiding Principles

The following principles guided the consolidation analysis; each principle was considered equally in this analysis:

1. Increase opportunities to raise education attainment levels.
2. Improve accessibility, regional identity, and compatibility.
3. Avoid duplication of academic programs while optimizing access to instruction.
4. Create significant potential for economies of scale and scope.
5. Enhance regional economic development.
6. Streamline administrative services while maintaining or improving service level and quality.
