

## Promoting a Statewide Perspective on Higher Education

The Chancellor provides leadership in higher education and stewardship of state and University System resources by promoting a statewide perspective on higher education that attends to the current and developing needs of the State, its citizens and students, and relates them effectively to the University System and its institutions. The Chancellor supports the Board of Regents in furthering and achieving its vision for the University System by providing leadership in analyzing, monitoring, and anticipating higher education trends and developments, and by planning strategically for the future of the University System. The Chancellor also serves on the Georgia-based [Alliance of Education Agency Heads](#), a collaborative partnership with the Governor's office and Georgia's education agency heads.
